## **MEDICAL RELEASE FORM FOR TENDER TOUCH DOG DAYCARE**

\*\*One dog per form.

This form is required of all those who use the services provided by Tender Touch Dog Daycare.

The safety of your dog is of the highest priority to us. In the event of a medical emergency while your dog is under our care, it is imperative to us to get your dog medical attention as quickly as possible.

We will rush your pet to Southglen Veterinary Hospital, 730 St. Anne's Road, Winnipeg, MB, 204-452-0077. The clinic is a highly respected, fully equipped veterinary hospital that is open 7 days a week until midnight, with no extra emergency fees charged.

As the health and safety of your dog is our primary concern, we will first focus on getting your pet to the vet and securing any emergency treatment that may be required to save your pet's life, or prevent the medical condition from worsening. Once your pet is in good hands, we will contact you as quickly as possible.

Our goal is to get your pet medical attention as quickly as humanly possible. With that in mind, our pet parents are all required to sign this form:

I understand Tender Touch Dog Daycare has sole discretion in the event of a medical emergency to deem said emergency as required immediate and prompt medical attention from a licensed professional veterinarian and I, herein, authorize the daycare and its staff to seek said medical attention. I further agree that I am fully and solely financially responsible for any medical attention my dog receives as a result of any medical emergency experienced within the care of Tender Touch Dog Daycare.
